## CSR POLICY

Our CSR activities will focus in any of the below listed causes -

1. **Education:** We undertake to support initiatives that promote education and skill development in the communities where we operate.
2. **Environmental sustainability:** We undertake initiatives that promote sustainable development and protect the environment. This could include reducing carbon emissions, conserving water, promoting renewable energy, rejuvenation of landscape, flora and fauna conservation and scientific research in these topics.
3. **Health and sanitation:** We undertake to support programs that promote wellness, sports, healthcare and sanitation in the communities where we operate. This could include providing access to clean drinking water, promoting hygiene and sanitation practices, or supporting wellness, sports events and healthcare facilities.
4. **Disaster relief:** We undertake to support disaster relief efforts by providing resources and expertise to respond to natural disasters or other emergencies.
5. **Community development:** We undertake to support initiatives that promote community development and welfare.

Implementation will be done either directly by the Company or through compliant Implementing Agencies.

All activities will be continuously monitored, evaluated and suitably reported.

This policy is in accordance with Schedule VII of the Companies Act 2013.
